Subject: RE: State thank you letter

Alex, Bryan is out of the office and will not be able to bring the letters for Thursday. The letters will, however, be ready and waiting for signature on your table when you arrive on Friday morning. Doug will handle them from there so they go out on Friday. mra

Subject: RE: State thank you letter

Update: I've also added the PFAS community thank you letter for your review below along with the state letter (same as previous email) below.

COMMUNITY LETTER

Dear XXX,

I wanted to pass along my gratitude for your attendance and participation in the PFAS Community Engagement event held in New Hampshire last week. You and the other community leaders around the region excelled at sharing your concerns and the local stories of the most impacted communities across New England.

Thank you for your patience and persistence in helping to shape the agenda in such a short amount of time, your willingness to work collaboratively among yourselves and with my staff, and your extraordinary effort to bring in additional community members to participate and advocate for themselves. Your efforts insured a well-planned and attended event that can serve as a template for the future engagement sessions across the country.

I look forward to using the momentum generated from last week's event to continue to work through these tough issues together.

Sincerely,

Alexandra Dapolito Dunn

STATE LETTER

Dear State Representative XXX –

I wanted to pass along my gratitude for your attendance and participation in the PFAS Community Engagement event held in New Hampshire last week. Members of your state's leadership team being available to concerned community members confirmed how important this issue is to this Region, and gave confidence to communities that EPA Region 1 and the New England States will continue to work together.

Thank you for your patience around developing the agenda in such a short amount of time, and your willingness to help make sure the right people from your state were there to present, as well as listen. I look forward to using the momentum generated from last week's event to continue to work through these tough issues together.

Sincerely,

Alexandra Dapolito Dunn

Hi Jane, Matt and Marilyn –

Here is the language for the state thank you letter, as well as the addresses it needs to go to.

Jim will be sending you the language for the community group thank you cards, as well as their addresses.

We are hoping these can be on EPA letterhead for Alex to sign and send out on Friday.

Thank you!

-Kate
